Of advisable mas is that there is a monument that stands out on all and that we will distinguish with extreme facility: the Seu Vella (centuries XIII-XIV) magnificent Gothic cathedral dedicated to Santa Maria and named also the Castells, which dominates the city and wherefrom the enormous tower of the belfry stands out. In Lerida we find an interesting pilgrimage linked to the world jacobeo: "Sant Jaume's Els Fanalets ": It is based on a legend on the Apostle. The Peu del Romeu of Sant Jaume's chapel (14th century), is in the same street Major.

The tracing jacobeo does not enter the urban nucleus of Lleida, but it takes us for the fluvial walk, close to the river. Never we will cross the river Segre to the exit of Lleida, and along some kilometres iremos continuing always for your right. From the urban nucleus we would have to cross the avenue of Catalonia, we

continue abreast for the street Mayor Coast and to the third corner, to the left side, take the street Isaac Albéniz until the end.

Church of Santa Eulalia de Provençana

8 Km CORNELLÀ

We continuing L'Hospitalet's road direction Cornella to cross the Khan's park Merchant and after passing two rotundas we will enter Joaquim Rubio's street i Ors and will be still straight up to managing to stop to Sant Boi's road which we will cross to catch Sant Joan's road Despí that on having entered Sant Joan Despí will change from name to street Major.

<http://www.usatf.org/routes/view.asp?rID=427416>

12 Km Sant Joan Despí

We will meet a rotunda several streets we turn to our left side and happen(pass) for a house with a metallic stairs, are still straight up to coming to the second rotunda and turn to the right and we will give to the Ravine Josep Maria Juliol; the second street to the left side (Street Montjuic) the cogeremos to be going to go out to the road which we will cross and we catch a way of gardens according to us the signs indicate, on having finished the way we will see a confluence of three ways, catching that of the center to cross the highway (A-2) for the bridge overhead. At the end of the bridge we will see again three ways we catch this time that of the right to catch the way asphalted surface until the end and to turn to the left side to pass for a bridge that passes the great one was dry river for below. Here the way can think in two directions to the left side for a new and nicer way near to the river Llobregat but with an epoch of step along nest building bird (not advisable to pass from 15 of the April on September 15). Or in the bridge to go to our right for the ancient

way we will go out in front of a lunchroom which we will leave it to our left side to continue the dirt track towards ahead and later once turn into asphalt we enter with the limits of a new village.

15 Km Sant Feliu de Llobregat

On having finished the gardens we will pass below two bridges (passed 2 bridges there is an access to the population of Sant Feliu for if it was necessary) .

We coming towards ahead continuing the arrows and yellow brands bearing in mind that we will not turn aside for the underground steps that we are we have to continue always towards the left side. Here it connects in a river mouth to the river Llobregat both ways that could be caught.

17,500 Km Molins de Rei

Continuing the way that we had without leaving to the road we will pass below the big bridge of white color and will cross it. Here later we will pass for a beautiful aiguamolls (created expressly) for the different fauna giving the option to pass it for his two sides to contemplate it better to return to join both ways once finished the aiguamolls. We can after the bridge take the way of the left side (mas travelled and new way) up to coming at the level of the river which we will continue leaving it always to our left side, or past the bridge to turn to the right (more ancient) we will have the road to our right and once spent passed the aiguamolls to turn to the left side to come together with another nearest way to the river Llobregat.

(300 mts. After the Aiguamolls we have an entry to the population of Molins of rei if it(he) was necessary and 4 kms. Here in after we have another entry to the same population). We will see the route of the AVE(HIGH SPEED TRAIN) to another side of the river and continuing way we will pass having to sight and also to another side a Cementera and it the Circulo de Lectores, We will pass below a bridge up to coming to Molins de Rei's lunchroom that we it will find to our right and he laughed to our left side.

22 Km El Papiol After the lunchroom we will pass ahead from two towers of the light to turn to the left side (to the right we have an access to the population of The Papiol if it was necessary travelling 1,2 Kms) catching the way that passes for below for same of the bridge of the AVE(HIGH SPEED TRAIN). We meet later a confluence of ways, catching the fact that this mas to the left side, which was taking us up to a Water filter system.

24 Km Castellbisbal

Leaving a way that raises her to the right, we continue the way to rise in a strong raise to the right and to leave behind the Filter system to the right. Many Attention later because to approximately 100 meters we turn for one I walk to our left side leaving the way that we had. We will cross the great one she was dry river that it is paying attention for if ride waters down. Once crossed it the dry river we will continue our straight way and will pass below two bridges, a lot of care here so they are in construction to pass the different roads and them to join of a side of the river other one, we will continue practically straightly for a green route continuing the indications having again the river Llobregat to our left side . Of face already we see Montserrat's mountains, we will continue for the way and will pass below a very big pedestrian bridge of yellow color and once passed the bridge to our left side we will see that to another shore of the river we are at the level of San Andrés de la Barca.

We will be still always straight for the track paved, to our left side the river Llobregat and to our right a factory of blue colour (Smelting Celsa). Pasaremos below four bridges continued in this section of the river Llobregat and to few distance we will see a vertical sign at the level of the station of Castellbisbal's

RENFE.

29,500 Km Estación de RENFE CASTELLBISBAL

We will continue rectum as indicates us the vertical sign during approximately 3 kms. (We will continue the indications of the vertical signs) until we spy the Bridge of the devil, we will rise for a ramp asfaltada where we will cross the bridge and already we will be in Martorell.

<http://www.usatf.org/routes/view.asp?rID=417373>

32,500 Km Martorell

After crossing the bridge of the devil we are still straight crossing the street Sant Bartomeu and passing for the Caserna of the cavalry up to finding the square of the creu, later we will continue for the street Pere Puig passing between Sant Joan's chapel and the hotel Manel and a few meters later for a white building, later iremos for the street Anselm Clavé later on we will be the town hall, later with the school of music Cal Nicolau, later on we will leave the street Francesc Santacana since we will turn to the right for the cultural country house leaving the church to our left side up to seeing a zone of parking of the polysport one at the time we will turn to the left side crossing the river Anoia to continue later for a street parallel to the N-II. We will be still straight up to coming to a rotunda and will leave her to our left side being going to stop for the Av. Montserrat and we will continue this street everything until your end being going to stop for a few industrial estates hereinafter(later on) we will pass ahead from the station of Martorell Enllaç's FGC, a few meters later we will cross the routes of the train being still always straight. A few meters we will be a company of rent of lift trucks (Borasa, S.A.) where we will turn to the right and then following the left side up to coming to a Khan's indication Bros where we will turn to the right and will cross the A-2 for below and immediately afterwards(below and continuously) we will take a dirt track up to managing to find again(afresh) to the A-2 (highway of the North-East) going we parallel for our way that we have caught entering this way Abrera.

39,500 Km Abrera

(Down below the logistics is from Abrera to Montserrat in bicycle)

We cross the population for street Nou, street Major, up to coming to the iglésia, we will take the Av. Autonomous government of Catalonia leaving the church to our right, we will be still straight and will cross the C-55 for below, later we will continue rectum catching Sant Jaume's street, and we will go out of the population will cross below the belt IV and will continue the dirt track, crossing he it dry river and then iremos for the left side passing below 3 bridges and iremos to stop for a way to an industrial estate, on which we it will border coming to the street cami Ral where we will see a sign indicating the cyclists to take direction Monistrol but we iremos for the street Cami Ral entering Esparreguera the street Lluís August, Tíjola's street, walk dels Jocs Olímpics up to meeting on the walk of the castell.

44,750 Km Esparreguera

We go rectum for the walk of the Castell, Principat's street, street Laureà Miro going always rectum for this street we will cross the whole population, will pass for the square of the town hall, Great street, later we will pass ahead from Sta's church. Eulàlia, street Montserrat up to coming to the street Cami de Can Comelles where we will have two options **1)** Continue for C. Bruc until it joins with Av. Francesc Macià which will go parallel to the A-2 and we will go straight up to Collbató (shorter). and **2)** where we will turn to the right for the street Cami de Can Comelles, we will come to a rotunda which we will stop to our right and will be still straight stopping the population, we will come to a mansion and will turn later to the right continuing always the way. We will come to a marked curve which we will leave her to our right, will continue the

way upto catching the B-112 and will have 2 options:

- a) To cross the B-112 and to continue for a way that will take the village to us for the street the Salut (recommended because we avoid the road, more natural and more short).
- b) a) We will continue a few meters to the left side for the B-112 up to coming at an entry where we will enter Collbató.

50,700 Km Collbato

a) We will lower a few stairs and iremos for way direction to the hermitage of the Salut passing for a lunchroom with Bar and barbecues.

b) We will enter Collbató and iremos for the street Amadeo Vives, will cross the plaça of the Iglésia, passing for Sant Corneli's parish. To the feet of the Moreneta it is still ours to peregrinate up to the city of Santiago de Compostela. When we move away from the mountain for the intimate way dels Degotalls we move away from the mountain for the face of the Bruc to meet Castellolí's locality and finally we will come to the city of Igualada. We still have L'Hospitalet and Montserrat in the recollection.

Montserrat's mountain

The Way to Saint James

00 Km Montserrat

Being still ours to peregrinate we have to go down to the road and to continue towards the restaurant and self-service towards the parking of the motor-coaches. For the way of the Degotalls that this put up signs like Saint Jame 's Way , a way full of history and romanticism. We begin the way seeing a real place of conference and beautiful monuments for a calm enough and comfortable way. At the foot of a tower of electricity and passing for a front-door grating we have to go down for a dirt track and stone that will take us to the road always continuing the signs. We go out of the way and catch the road towards the left side , approximately seven kilometres up to **Can Maçana**.

3,6 Km Santa Cecília

Rightly in front of the refuge we see the white and red signs of GR who will lead us for a variant of Mountain up to **Can Maçana** but we will continue for the road.

Santa Cecília

5,4 Km Can Maçana

Here we will be a crossing road will continue to the left side towards the **N II** to approximately 100 meters we have to bear in mind that we will have to turn aside for a very narrow way towards the right leaving the road always continuing the signs, immediately afterwards we will have to rise for a strong stony slope, will make serve the way romeu of that they come from the city of Igualada . **Igualada**. We will continue the signs up to **Sant Pau de la Guàrdia**.

1,8 Km Sant Pau de la Guàrdia

Once passed **Sant Pau 's restaurant** we will enter the urbanization **Montserrat Park** Virgin street will continue the brands of the GR in a good moment, will turn to the right for the street Castellolí and on having ended cogeremos a way that goes out to a track that we will continue to our left side for a tooled field. At the level of a tower of vigilance we will leave the GR that goes away to the left side, we turn to our right for a track. That was taking the former **N II** to us we continue lowering to our right to allow and to catch a way and a great page that was taking us to a way that goes down for the way of the ravine. Always we will concentrate on the brands and signs . Again we will go out for the **N II** and after a strong curve we will pass the highway over a bridge to come to **Castellolí's** locality.

6 Km Castellolí

We will enter the avenue Union not to leave her up to the exit of the village, going out of the village we leave ourselves to the right a bridge that the **N II** crosses continue rectum towards them **Houses of l'Alzina**, there is bar and restaurant to another side of the highway we will be still straight and will go out to another road, will continue it to the left side to turn aside immediately to the right continuing a way asphalted surface that it makes raised always looking at the signs, we cross first above and later below the highway and we will come to an industrial estate that fits to the exit of the highway of Igualada East.

We will come to the road **N II** and us iremos to the right, in Close direction. Cogерemos the way of service parallel to the road, for your left side to find **Vilanova 's road** we continue it up to coming to the first semaphores of **Igualada** and we will turn to the left side.

8 Km Igualada

There is a fountain in the square below the cruz de las butifarras and after crossing the routes of the train of the Autonomous government of Catalonia iremos for the avenues of Montserrat, of Caresmar, street Soledad, we pass ahead from the parish of the Soledad, cross the square of the Rei, continue for the street of Sant Bartomeu, of Sant Jaume, of Sant Roc and of Sant Sebastià, we will cross the square of the Creu, and will continue for the street Sant Simplicí, Sant Joan's square the street Sant Agustí and the Square de los Castillos where there is a fountain.

FROM IGUALADA TO CERVERA

Accumulated Km. 119

The first part of this stage is dominated by long contacts by the N-II that will accompany us up to Zaragoza. Telling the opening of the highway one can travel much better Jorba's section to the Panadella that has stayed for the pilgrims.

From the Panadella we will find the tranquility of the village of Ondara's Bank.

The population of Pallerols visit and you were charmed with your church.

Sight of the Sanctuary of the Mare de Déu of the Pietat of Igualada.

00 Km Igualada

We go out of Igualada by Àngel Guimera's avenue, we will continue the road always bearing the arrows and yellow signs in mind, we will pass for a bridge immediately we will leave the road and will turn to the right for a street that does raise towards the institute, for the left band of the institute we find a wide track that was taking us to an urbanization catch the street Maria Trull i Alguè and we are still straight up to coming to Sant's hermitage Sesoliveres's Jaume. We pass ahead from the hermitage and catch the street of the Bages that rises to the right later we will turn to the left side, later iremos rising for the different streets towards the convent of closing of Carmen always continuing the signs as they indicate us. We come to Convent of Closing of Carmen, attention, we will pass for a caminito that exists to our left side that is difficult to prepare for both houses to be stuck and will rise for a few stairs that were taking us to a garden towards a particular farmhouse Can Blasi. We will go out to a road we continue it to the right to approximately 400 meters we will pass ahead from a few refrigerating stores and on the highway. It will take it turned aside to the left side that was taking us to Sant Genís.

5,4 Km Sant Genís

We will find a fountain the this splendid water, will cross the village always continuing the signs and we will be still straight up to Jorba

Castell of Jorba

1,6 Km Jorba

We come to the N-II turn to the left side crossing the whole village for street Major, before does a stop in house the Galician that they will attend to you very well and you will be able to put a very special stamp that they have. On having finished the village we will be a rotunda we have to take to our left side to go to the former N-II leaving the highway to our right. We come to the Hotel Jorba. We are still straight for the rail of access to the hotel, pass under the highway and go out to the N-II. We continue and return to crossing the highway above. We catch the way of ahead always continuing the signs up to coming to Santa Maria del Camí.

7,8 Km Santa Maria del Camí

We continue for the N-II continuing the signs we leave the road and coggeremos to the left side a cartwright 's way that was taking Porquerisses. To us be careful! There is another optional way that from the hotel Jorba turns us aside towards Sta. Maria of the camí and going out of this village it will take us to a very nice way, though it is necessary to bear in mind that it rises enough, where we will appear in a called village La Tallada one and once there we have the option to continue this way that will take us up to Cervera though without any service . We recommend to go out of The Carved one and to go down for the road that we will find to the exit of the village and continuing your indications iremos to stopping toPanadella where we will be able to continue the way of the guide.

1,5 Km Porquerisses

There is a bank and a fountain to the foot itself of the church, we go out of the village and before a way comes to the road cogeremos to the left side that goes down softly . (The cyclists must continue for the road). We will cross the N-II and cogeremos a path that stays to the right, iremos rising to go out to the N-II and we will continue it up to coming to the Panadella.

5,7 Km La Panadella

We go out for the side of the left side of the bus depots, next to a white hermitage we are a way cartwright without asfaltar we it will be necessary to continue a good moment . We will come to a way asphalted surface and will turn to the right without leaving the way that was taking us to Pallerols's locality.

Sant Jaume's image in Pallerols

4,2 Km Pallerols

We approach the village for Sant Jaume's street, we will turn to the left side for the street Sant Isidre to pass for the church that is one of the jewels of the Catalan way will meet in the square of the church also a series of shells of bronze attached to the soil of the square those of León besides a great shell of carved stone to ask to the Roca that is in front of the church that shows the church to you and the stamp puts you deserves a good stop this this locality very sensitized with the topic jacobeo. We will turn to right hand for the street Portella to return to go out to Sant Jaume's street and to go out of the village.

1,3 Km Sant Antoli i Vilanova y Hostalets de Cervera We are still straight and pass towards the village of Hostalets that is stuck to this village, it has a hermitage dedicated to Saint George. We go out of the village and before coming to the N-II we will turn to the left side to catch a way cartwright, after passing a bridge will turn to the right (be careful! to the sign of the tree) and we continue for a track asfalthed until comes to Sant Pere's dels Arquells locality.

3 Km Sant Pere dels Arquells

We go out of the village and find Sant Pere's fountain. To exit Sant Pere's dels Arquells we have two options, suitable for cyclists.
Option 1 The association recommends her, for your bucolic environment . Going out we continue to the left side à 1,1 km shelter, of the Hunters à 4 km farm, à 1,8 km **CERVERA**.

Option 2 More short. Going out we continue to the right towards à 2,8 km **VERGÓS**, à 3,9 km **CERVERA**.

Without any difficulty for a calm track. We cross the N-II and catch the way that we have ahead towards a factory which we will tack and continue for the way that rises up to finding a crossing way that we will continue to the left side to return to cross the N-II to catch the way to Vergós.

2,8 Km Vergós

We turn to the left side for the Major street and continue it until one transforms into a way that not this one very clear and in poor condition continuing one dry river that it was taking to us to Fiol's fountain the cyclists we recommend to him to cross the whole village and to go out again to **N-II** and to continue it up to **Cervera**. From Fiol's fountain we continue the track up to **Cervera**.

Cervera's panoramic sight

3,9 Km Cervera

We approach Cervera for Sant Francesc's slope (if we turn for Jesus' street we will go out directly to Santa Magdalena). To raised average we will turn to the right towards the walls and coggeremos a few stairs that rise to the street de la Barbacana de Pere III el Ceremoniós. We will continue to the right of raised rightly in front of Coast of the Company. We then rise and go out to the Major street that we have to continue towards the left side.

FROM CERVERA TO CASTELLNOU DE SEANA

Km. Partial 26,2

Accumulated Km. 145,2

To Cervera's exit it supposes the first direct contact with the loneliness of the way and is not any more than a small test. Later on we will think in Tàrraga that it will open the doors of the Pla d'Urgell us a great plain of ways that were taking us to the beautiful villa of famous Lleida in the topic jacobeo for your Peu Romeu.

0,0 Km Cervera

To go out of Cervera once placed opposite the Paeria we have to catch the street of the right that passes in front of the church of Santa Maria and we catch the street of the Castell up to the walls. We pass for the door of the walls and turn to the right and immediately to the left side for a way that goes down , everything leaving the most wide way and with many stone. We come to a track, we it continue to the right everything the straight one up to coming to the hermitage of Santa Magdalena. We catch the track that begins the right 5 m before coming to the hermitage and we it are still always recta noticing always with the signs and yellow brands, we will cross a road and immediately continuously we will leave a church in ruins to our right.

We come to a crossing way, that of the right goes to **La Curullada** and that of the Left side to the **Granyanella**. We are still straight stop to the left side **el Molí de la Torre** , peasant 's great house with a few big towers that are in ruins. In the crossing to the right the way that comes from **Fonollera**. To the left side we find a farmhouse we will be still straight as the signs mark . In another crossing of way we leave to the left side the way that goes to the farmhouse of It dwells and we pass next to a scale are still straight, to the right we leave the cemetery of **El Taladell** at the entry it is a date of 1856, on a singular skull.

9,2 Km El Taladell

FOR RIBAFORADA AND EL BOCAL FROM GALLUR

24 Km. Ribaforada

The population stays to our left side to accede we have to pass the bridge of the channel.

In any case we have to continue for the way that we were continuing parallel to the Imperial channel, to go to El Bocal.

4,7 Km. El Bocal

We enter to the artificial settlement of El Bocal the side of a bridge (attention: do not pass) for below. On having entered we will find a bifurcation . To the left side we will be still parallel to the Channel and in the house of the hatches coggeremos a not very clear way. We recommend to continue for the right, pass ahead from the bar El Roble and we continue for the road asfalthed and go directly to the house of the hatches.

We pass ahead same from the house , place of birth of the imperial channel , and continue the track that in the first moment goes parallel to the Channel but in the opposite direction to the one that we have continued last stages. To approximately 500 meters we go on a little bridge on an auxiliary channel and turn to the right passing for the door of entry of the estate The Carrizal .We are bordering on this immense estate until we find the route of the train that we will continue always in parallel until a moment comes that we cross the National road below a bridge. When already we are to the sights of the city we will cross the route of the train for a great bridge and this way we enter the city.
